6	LABOR	Labor to swich out (2) end panels with worksurfaces onsite	\$132.00

Adjustable clear access end panels can be used to lower existing series 9000 modular work stations, while maintaining a level worksurface. This makes it easier to transition between the computer and other parts of the workstation.

Worksurfaces are adjustable to 4 heights, 26.25, 27.25, 28.75, and 29.75
