UNIVERSITY OF CALIFORNIA, BERKELEY
STUDENT ACCIDENT AND SICKNESS INSURANCE PLAN

This is a brief description of the Accident and Sickness Medical Expense benefits available for University of California Berkeley students and their eligible dependents. The plan is underwritten by Aetna Life Insurance Company (called Aetna). The exact provisions governing this insurance are contained in the Master Policy issued to the University and may be viewed at the University Health Services, Student Health Insurance Office during business hours.

STUDENT COVERAGE

ELIGIBILITY

The following eligible students will automatically be enrolled in this Plan, unless a completed Waiver Form has been received by the University, by the specified enrollment deadline dates listed in the next section of this Brochure.

- All registered students of the University of California Berkeley, including students who are registered-in-absentia.

Note: A student may waive enrollment in the plan during the specified waiver period by providing proof of other coverage that meets benefit criteria specified by the University. A waiver is effective for one academic year and must be completed again during the waiver period at the start of each fall term of the academic year. Waiver requests for each academic term within a year are also available. Information about waiving enrollment in the plan may be obtained from the Student Health Insurance Office.

The following classes of students may enroll on a voluntary basis directly with Aetna by the specified enrollment deadline dates listed in the next section of this Brochure.

- All non-registered “Filing Fee” status graduate students of the University of California who are completing work under the auspices of the University of California but are not attending classes. Students on Filing Fee status may purchase plan coverage for a maximum of one semester by visiting Aetna Student Health at www.aetnastudenthealth.com (search University of California Berkeley). The student must have been covered by the plan in the term immediately preceding the term the student wants to purchase or, if the student waived plan enrollment, show proof of loss of the coverage used to obtain the waiver.

- All non-registered graduate students of the University of California who are on Planned Educational Leave or Approved Leave of Absence status. While in either status, these students may purchase plan coverage for a maximum of one semester by visiting Aetna Student Health at www.aetnastudenthealth.com (search University of California Berkeley). The student must have been covered by the plan in the term immediately preceding the term the student wants to purchase or, if the student waived plan enrollment, show proof of loss of the coverage used to obtain the waiver.

- All non-registered students of the University of California who are on Withdrawal status (graduate students) or Concurrent Enrollment (undergraduate students). While in either status, these students may purchase plan coverage for a maximum of one semester by visiting Aetna Student Health at www.aetnastudenthealth.com (search University of California Berkeley). The student must have been covered by the plan in the term immediately preceding the term the student wants to purchase or, if the student waived plan enrollment, show proof of loss of the coverage used to obtain the waiver.

- All former students of the University of California who completed their degree (graduated) during the term immediately preceding the term for which they want to purchase coverage. Provided these individuals were enrolled in the plan in the preceding term, they may purchase the plan coverage for a maximum of one semester by visiting Aetna Student Health at www.aetnastudenthealth.com (search University of California Berkeley).

Please make sure you understand your school’s requirements for enrolling in this Plan. Aetna Student Health reserves the right to review, at any time, your eligibility to enroll in this Plan. If it is determined that you did not meet the school’s eligibility requirements for enrollment, your participation in the plan may be rescinded in accordance with its terms.
ENROLLMENT/WAIVER PROCESS
As noted above, eligible students will be automatically enrolled in this Plan, unless an online waiver has been completed, by the specified enrollment deadline dates listed in the next section of this Benefit Booklet. Registered students may provide evidence of health coverage through another plan and request a waiver of Berkeley SHIP. The coverage must meet the benefit criteria established by University of California. Please visit www.uhs.berkeley.edu/students/insurance/waiver to complete an online waiver. Waiver applications are completed during the fall semester waiver period. The fall semester waiver will be valid for the full academic year. A student who waives Berkeley SHIP in the fall will not be required to complete another waiver for the spring semester. However, a spring waiver is available for students registering for the first time in the spring, or who did not waive enrollment in a prior term but wants to waive for the spring term. A spring waiver is valid for the remainder of the academic year. A new waiver must be completed for again during the fall waiver period prior to each academic year that the student is registered.

For those classes of students who are eligible to enroll on a voluntary basis, visit www.aetnastudenthealth.com (search University of California Berkeley) to enroll.

NEWBORN INFANT AND ADOPTED CHILD COVERAGE

A child born to a Covered Person shall be covered for Accident, Sickness, premature birth, medically diagnosed congenital defects, and birth abnormalities for 31 days from the date of birth. At the end of this 31 day period, coverage will cease under the UC Berkeley Student Health Insurance Plan. To extend coverage for a newborn past the 31 days, the Covered Student must: 1) enroll the child within 31 days of birth, and 2) pay the additional premium, starting from the date of birth.

Coverage is provided for a child legally placed for adoption with a Covered Student for 31 days from the moment of placement provided the child lives in the household of the Covered Student, and is dependent upon the Covered Student for support. To extend coverage for an adopted child past the 31 days, the Covered Student must 1) enroll the child within 31 days of placement of such child, and 2) pay any additional premium, if necessary, starting from the date of placement.

For information or general questions on dependent enrollment, contact Aetna Student Health at, (866) 639-3703.

PREFERRED PROVIDER NETWORK

Aetna Student Health has arranged for you to access a Preferred Provider Network in your local community. Acute care facilities and mental health networks are available nationally if you require hospitalization outside the immediate area of the UC Berkeley campus.

To maximize your savings and reduce your out-of-pocket expenses, select a Preferred Provider. It is to your advantage to use a Preferred Provider because savings may be achieved from the Negotiated Charges these providers have agreed to accept as payment for their services. A listing of Aetna participating providers is available by contacting Aetna Student Health at (866) 639-3703, or by accessing DocFind at www.aetnastudenthealth.com.

Preferred providers are independent contractors and are neither employees nor agents of Aetna Life Insurance Company, Chickering Claims Administrators, Inc. or their affiliates. Neither Aetna Life Insurance Company, Chickering Claims Administrators, Inc. nor their affiliates provide medical care or treatment and they are not responsible for outcomes. The availability of a particular provider(s) cannot be guaranteed and network composition is subject to change.

REFERRAL REQUIREMENTS

Students’ health care needs can best be satisfied when an organized system of health care providers at University Health Services, Tang Center manages the treatment. If you are enrolled in the Berkeley SHIP, you must first seek treatment at University Health Services in order for benefits to be payable. A referral from Tang Center is required for all students. Except in specific instances (e.g. emergency care or urgent care), a referral is required from Tang Center prior to receiving treatment outside of the Tang Center. A separate referral is required for each individual condition at the beginning of each semester prior to receiving care for ongoing conditions. If a referral is not obtained prior to treatment, benefits are not payable.

A referral is not required in the following circumstances:

- Treatment is for an Emergency Medical Condition,
- Treatment is for an Emergency Mental Health Condition,
- Services in an Urgent Care setting
- Obstetric and Gynecological Treatment
- Preventive/Routine Services (services considered preventive according to Health Care Reform and/or services rendered not to diagnosis or treat an Accident or Sickness).

Tang Center is not a network provider for dependents on the Aetna plan and are therefore not subject to the referral requirement.
PRE-CERTIFICATION PROGRAM

Pre-certification simply means calling Aetna Student Health prior to treatment to obtain approval for a medical procedure or service. Pre-certification may be done by you, your doctor, a hospital administrator, or one of your relatives. All requests for certification must be obtained by contacting Aetna Student Health at (866) 639-3703 (attention Managed Care Department).

The following inpatient services require pre-certification:

- All inpatient admissions, including length of stay, to a hospital, convalescent facility, skilled nursing facility, a facility established primarily for the treatment of substance abuse, or a residential treatment facility.
- All inpatient maternity care, after the initial 48/96 hours.
- All partial hospitalization in a hospital, residential treatment facility, or facility established primarily for the treatment of substance abuse

Pre-Certification does not guarantee the payment of benefits for your inpatient admission. Each claim is subject to medical policy review, in accordance with the exclusions and limitations contained in the Policy, as well as a review of eligibility, adherence to notification guidelines, and benefit coverage under the student Accident and Sickness Plan.

Pre-Certification of Non-Emergency Inpatient Admissions, Partial Hospitalization:
The patient, Physician or hospital must telephone at least three (3) business days prior to the planned admission or prior to the date the services are scheduled to begin.

Notification of Emergency Admissions:
The patient, patient’s representative, Physician or hospital must telephone within one (1) business day following inpatient (or partial hospitalization) admission.
DESCRIPTION OF BENEFITS*

THE UC BERKELEY PLAN MAY NOT COVER ALL OF YOUR HEALTH CARE EXPENSE.

The Plan excludes coverage for certain services and contains limitations on the amounts it will pay. Please read the UC Berkeley Plan Brochure carefully before deciding whether this Plan is right for you. While this document will tell you about some of the important features of the Plan, other features may be important to you and some may further limit what the Plan will pay. If you want to look at the full Plan description, which is contained in the Master Policy issued to University of California Berkeley you may view it at University Health Services, Student Health Insurance Office or you may contact Aetna Student Health at (866) 639-3703.

Plan maximums may apply. Some illnesses may cost more to treat and health care providers may bill you for what the Plan does not cover.

Subject to the terms of the Policy, benefits are available for you and your dependents only for the coverages listed below, and only up to the maximum amounts shown. Please refer to the Policy for a complete description of the benefits available.

All insurance coverage is subject to the terms of the Master Policy and applicable state filings. Under health care reform legislation, student health plans may be required to eliminate or modify certain existing benefit plan provisions, including, but not limited to, exclusions and limitations. Aetna reserves the right to modify its products and services in response to federal and/or state legislation, regulation or requests of government authorities.

*Benefit descriptions have been added to this brochure to help illustrate new Health Care Reform (HCR) requirements. HCR requirements are currently being filed for support in individual states and will appear in policy contracts and certificates of coverage once approved.

**GENERAL PROVISIONS**

**STATE MANDATED BENEFITS**

This Plan will pay benefits in accordance with any applicable California Insurance Law(s).

**RIGHT OF RECOVERY PROVISION**

When a covered person’s injury appears to be someone else’s fault, benefits otherwise payable under the Policy for Covered Medical Expenses incurred as a result of that injury will not be paid unless the covered person or his legal representative agrees:

(a) to repay Aetna for such benefits to the extent they are for losses for which compensation is paid to the covered person by or on behalf of the person at fault,
(b) to allow Aetna a lien on such compensation and to hold such compensation in trust for Aetna, and
(c) to execute and give to Aetna any instruments needed to secure the rights under (a) and (b).

If a Covered Person receives any payment from any potentially responsible party, as a result of an Injury or illness, Aetna has the right to recover from, and be reimbursed by, the Covered Person for all amounts this Plan has paid, and will pay as a result of that Injury or illness, up to and including the full amount the Covered Person receives, from all potentially responsible parties. A "Covered Person" includes, for the purposes of this provision, anyone on whose behalf This Plan pays or provides any benefit, including but not limited to the minor child or Dependent of any Covered Person, entitled to receive any benefits from this Plan.

As used in this provision, the term "responsible party" means any party possibly responsible for making any payment to a Covered Person or on a Covered Person's behalf due to a Covered Person's injuries or illness or any insurance coverage responsible making such payment, including but not limited to:

- Uninsured motorist coverage,
- Underinsured motorist coverage,
- Personal umbrella coverage,
- Med-pay coverage,
- Workers compensation coverage,
- No-fault automobile insurance coverage, or
- Any other first party insurance coverage.

The Covered Person shall do nothing to prejudice Aetna's reimbursement rights. The Covered Person shall, when requested, fully cooperate with Aetna's efforts to recover its benefits paid. It is the duty of the Covered Person to notify Aetna within 45 days of the date when any notice is given to any party, including an attorney, of the intention to pursue or investigate a claim, to recover damages, due to injuries sustained by the Covered Person.
The Covered Person acknowledges that this Plan's reimbursement rights are a first priority claim against all potential responsible parties, and are to be paid to Aetna before any other claim for the Covered Person's damages. This Plan shall be entitled to full reimbursement first from any potential responsible party payments, even if such payment to the Plan will result in a recovery to the Covered Person, which is insufficient to make the Covered Person whole, or to compensate the Covered Person in part or in whole for the damages sustained. This Plan is not required to participate in or pay attorney fees to the attorney hired by the Covered Person to pursue the Covered Person's damage claim. In addition, this Plan shall be responsible for the payment of attorney fees for any attorney hired or retained by this Plan. The Covered Person shall be responsible for the payment of all attorney fees for any attorney hired or retained by the Covered Person or for the benefit of the Covered Person.

The terms of this entire reimbursement provision shall apply. This Plan is entitled to full recovery regardless of whether any liability for payment is admitted by any potentially responsible party, and regardless of whether the settlement or judgment received by the Covered Person identifies the medical benefits this Plan provided. This Plan is entitled to recover from any and all settlements or judgments, even those designated as "pain and suffering" or "non-economic damages" only.

**Coordination of Benefits**
If the Covered Person is insured under more than one group health plan, the benefits of the plan that covers the insured student will be used before those of a plan that provides coverage as a dependent. When both parents have group health plans that provide coverage as a dependent, the benefits of the plan of the parent whose birth date falls earlier in the year will be used first. The benefits available under this Plan may be coordinated with other benefits available to the Covered Person under any auto insurance, Workers’ Compensation, Medicare, or other coverage. The Plan pays in accordance with the rules set forth in the Policy.

**EXTENSION OF BENEFITS**
If a covered person is totally disabled on the termination date of the Policy, benefits will be extended to provide covered benefits that are necessary to treat medical conditions causing or directly related to the disability as determined by Aetna, and remain in effect until the earlier of the date that:

- The member is no longer totally disabled, or
- The member has exhausted the covered benefits available for treatment of that condition, or
- The member has become eligible for coverage from another health benefit plan which does not exclude coverage for the disabling condition, or
- After a period of 12 months in which benefits under such coverage are provided to the member.

If a **covered person** is confined to a **hospital** on the date his or her Basic Sickness Expense coverage terminates, charges incurred during the continuation of that **hospital confinement** will also be included in the term “Expense”, but only while they are incurred during the 90 day period following such termination of insurance.

**TERMINATION OF INSURANCE**
Benefits are payable under this Plan only for those Covered Expenses incurred while the policy is in effect as to the Covered Person. No benefits are payable for expenses incurred after the date the insurance terminates, except as may be provided under the Extension of Benefits provision.

**TERMINATION OF STUDENT COVERAGE**
Insurance for a **covered student** will end on the first of these to occur:

- The date this Plan terminates,
- The last day for which any required premium has been paid,
- The date on which the **covered student** withdraws from the school because of entering the armed forces of any country. Premiums will be refunded on a pro-rata basis when application is made within 90 days from withdrawal,
- The date the **covered student** is no longer in an eligible class.
- The date the Continuation of Coverage terminates.
If withdrawal from school is for other than entering the armed forces, no premium refund will be made. Students will be covered for the Policy term for which they are enrolled, and for which premium has been paid.

**TERMINATION OF DEPENDENT COVERAGE**

Insurance for a **covered student’s dependent** will end when insurance for the **covered student** ends. Before then, coverage will end:

- For a child, on the last day of the Policy Period following the child’s 26th birthday
- The date the **covered student** fails to pay any required premium.
- For the spouse, the date the marriage ends in divorce or annulment.
- The date **dependent** coverage is deleted from this Plan.

For a domestic partner, the earlier to occur of:

- The date this Plan no longer allows coverage for domestic partners, and
- The date of termination of the domestic partnership. In that event, a completed and signed declaration of Termination of Domestic Partnership must be provided to the Policyholder.
- The date the dependent ceases to be in an eligible class.
- The date the Continuation of Coverage terminates.

Termination will not prejudice any claim for a charge that is incurred prior to the date coverage ends.

**INCAPACITATED DEPENDENT CHILDREN**

Insurance may be continued for incapacitated **dependent** children who reach the age at which insurance would otherwise cease. The **dependent** child must be chiefly dependent for support upon the **covered student** and be incapable of self-sustaining employment because of mental or physical handicap.

Due proof of the child's incapacity and dependency must be furnished to Aetna by the **covered student** within 31 days after the date insurance would otherwise cease. Such child will be considered a **covered dependent**, so long as the **covered student** submits proof to Aetna each year, that the child remains physically or mentally unable to earn his own living. The premium due for the child's insurance will be the same as for a child who is not so incapacitated.

The child's insurance under this provision will end on the earlier of:

- The date specified under the provision entitled Termination of Dependent Coverage, or
- The date the child is no longer incapacitated and dependent on the **covered student** for support.

**Continuation of Coverage**

A **covered student** who has graduated or is otherwise ineligible for coverage under this Plan, and has been continuously insured under the plan offered by the Policyholder (regular student plan), may be covered for up to 1 semester provided that: (1) a written request for continuation has been forwarded to Aetna 31 days prior to the termination of coverage, and (2) premium payment has been made and (3) you were enrolled in the student plan immediately preceding your departure from the plan. Coverage under this provision ceases on the date this Plan terminates.

• The results of any Utilization Review activities.
• A decision that the service or supply is experimental or investigational.
• A decision that the service or supply is not medically necessary.

**Full and Fair Review of Claim Determinations and Appeals**
As to medical and prescription drug claims and appeals only, Aetna will provide you with any new or additional evidence considered and rationale, relied upon, or generated by us in connection with the claim at issue. This will be provided to you in advance of the date on which the notice of the final adverse benefit determination is required to be provided so that you may respond prior to that date.

Prior to issuing a final adverse benefit determination based on a new or additional rationale, you must be provided, free of charge, with the rationale; the rationale must be provided as soon as possible and sufficiently in advance of the date on which notice of final adverse determination is required.

**Claim Determinations – Health Coverage**

Notice of a claim benefit decision will be provided to you in accordance with the guidelines and timelines provided below. As to medical and prescription drug claims only, if Aetna makes an adverse benefit determination, written notice will be provided to you, or in the case of a concurrent care claim, to your provider.

**Urgent Care Claims**

Aetna will notify you of an urgent care claim decision as soon as possible, but not later than 72 hours after the claim is made.

If more information is needed to make an urgent care claim decision, Aetna will notify the claimant within 72 hours of receipt of the claim. The claimant has 48 hours after receiving such notice to provide Aetna with the additional information. Aetna will notify the claimant within 48 hours of the earlier to occur:
- the receipt of the additional information; or
- the end of the 48 hour period given the physician to provide Aetna with the information.
Pre-Service Claims
Aetna will notify you of a pre-service claim decision as soon as possible, but not later than 15 calendar days after the claim is made. Aetna may determine that due to matters beyond its control an extension of this 15 calendar day claim decision period is required. Such an extension, of no longer than 15 additional calendar days, will be allowed if Aetna notifies you within the first 15 calendar day period. If this extension is needed because Aetna needs more information to make a claim decision, the notice of the extension shall specifically describe the required information. You will have 45 calendar days, from the date of the notice, to provide Aetna with the required information.

Post-Service Claims
Aetna will notify you of a post-service claim decision as soon as possible, but not later than 30 calendar days after the claim is made. Aetna may determine that due to matters beyond its control an extension of this 30 calendar day claim decision period is required. Such an extension, of no longer than 15 additional calendar days, will be allowed if Aetna notifies you within the first 30 calendar day period. If this extension is needed because Aetna needs more information to make a claim decision, the notice of the extension shall specifically describe the required information. The patient will have 45 calendar days, from the date of the notice, to provide Aetna with the required information.

Concurrent Care Claim Extension
Following a request for a concurrent care claim extension, Aetna will notify you of a claim decision for urgent care as soon as possible but not later than 24 hours, provided the request is received at least 24 hours prior to the expiration of the approved course of treatment. A decision will be provided not later than 15 calendar days with respect to all other care, following a request for a concurrent care claim extension.

Concurrent Care Claim Reduction or Termination
Aetna will notify you of a claim decision to reduce or terminate a previously approved course of treatment with enough time for you to file an appeal.

As to medical and prescription drug claims only, if you file an appeal, coverage under the plan will continue for the previously approved course of treatment until a final appeal decision is rendered. During this continuation period, you are responsible for any copayments; coinsurance; and deductibles; that apply to the services; supplies; and treatment; that are rendered in connection with the claim that is under appeal. If Aetna's initial claim decision is upheld in the final appeal decision, you will be responsible for all charges incurred for services; supplies; and treatment; received during this continuation period.

Complaints
If you are dissatisfied with the service you receive from the Plan or want to complain about a network provider you must call or write Member Services. The complaint must include a detailed description of the matter and include copies of any records or documents that you think are relevant to the matter. Aetna will review the information and provide you with a written response within 30 calendar days of the receipt of the complaint, unless more information is needed and it cannot be obtained within this period. The notice of the decision will tell you what you need to do to seek an additional review.

Appeals of Adverse Benefit Determinations
You may submit an appeal if Aetna gives notice of an adverse benefit determination. This Plan provides for one level of appeal. As to medical and prescription drug claims only, a final adverse benefit determination notice may also provide an option to request an External Review (if available).

You have 180 calendar days with respect to Health Claims following the receipt of notice of an adverse benefit determination to request your Level One appeal. Your appeal may be submitted orally or must be submitted in writing and must include:

- Your name.
- The school’s name.
- A copy of Aetna’s notice of an adverse benefit determination.
- Your reasons for making the appeal.
- Any other information you would like to have considered.
Send your written appeal to the address shown on the notice of adverse benefit determination, or you may call in your appeal using the telephone number listed on the notice.

You may also choose to have another person (an authorized representative) make the appeal on your behalf. You must provide written consent to Aetna.

As to medical and prescription drug claims only, you may be allowed to provide evidence or testimony during the appeal process in accordance with the guidelines established by the Federal Department of Health and Human Services.

**Appeal – Medical and Prescription Drug Claims**

A review of an Appeal of an adverse benefit determination shall be provided by Aetna personnel. They shall not have been involved in making the adverse benefit determination.

**Urgent Care Claims (May Include Concurrent Care Claim Reduction or Termination)**

Aetna shall issue a decision within 72 hours of receipt of the request for an appeal.

**Pre-Service Claims (May Include Concurrent Care Claim Reduction or Termination)**

Aetna shall issue a decision within 30 calendar days of receipt of the request for an appeal.

**Post-Service Claims**

Aetna shall issue a decision within 60 calendar days of receipt of the request for an Appeal.

**Exhaustion of Process**

You must exhaust the applicable Level One processes of the Appeal Procedure before you:

- Contact the California Department of Insurance to request an investigation of a complaint or appeal; or
- File a complaint or appeal with the California Department of Insurance; or
- Establish any: litigation; arbitration; or administrative proceeding;

regarding an alleged breach of the policy terms by Aetna Life Insurance Company; or any matter within the scope of the Appeals Procedure.

As to medical and prescription drug claims only, under certain circumstances you may seek simultaneous review through the internal Appeals Procedure and External Review processes — these include Urgent Care Claims and situations where you are receiving an ongoing course of treatment. Exhaustion of the applicable process of the Appeal Procedure is not required under these circumstances.

**Important Note:**

As to medical and prescription drug claims only, if Aetna does not adhere to all claim determination and appeal requirements of the Federal Department of Health and Human Services, you are considered to have exhausted the appeal requirements and may proceed with External Review or any of the actions mentioned above. There are limits, though, on what sends a claim or an appeal straight to an External Review. Your claim or internal appeal will not go straight to External Review if:

- a rule violation was minor and isn't likely to influence a decision or harm you;
- it was for a good cause or was beyond Aetna's control; and
- it was part of an ongoing, good faith exchange between you and Aetna.
External Review

As to medical and prescription drug claims only, you may receive an adverse benefit determination or final adverse benefit determination because Aetna determines that:

- the claim involves medical judgment;
- the care is not necessary or appropriate;
- a service, supply or treatment is experimental or investigational in nature.

In these situations, you may request an External Review if you or your provider disagrees with Aetna’s decision.

To request an External Review, any of the following requirements must be met:

- You have received an adverse benefit determination notice by Aetna, and Aetna did not adhere to all claim determination and appeal requirements of the Federal Department of Health and Human Services.
- You have received a final adverse benefit determination notice of the denial of a claim by Aetna.
- Your claim was denied because Aetna determined that the care was not necessary or appropriate or was experimental or investigational.
- You qualify for a faster review as explained below.

The notice of adverse benefit determination or final adverse benefit determination that you receive from Aetna will describe the process to follow if you wish to pursue an External Review, and include a copy of the Request for External Review Form.

You must submit the Request for External Review Form to the U.S. Office of Personnel Management within 123 calendar days of the date you received the adverse benefit determination or final adverse benefit determination notice. You also must include a copy of the notice and all other pertinent information that supports your request.

The U.S. Office of Personnel Management will contact the ERO that will conduct the review of your claim. The ERO will select one or more independent clinical reviewers with appropriate expertise to perform the review. In making a decision, the external reviewer may consider any appropriate credible information that you send along with the Request for External Review Form, and will follow Aetna’s contractual documents and plan criteria governing the benefits. You will be notified of the decision of the ERO usually within 45 calendar days of Aetna’s receipt of your request form and all the necessary information.

A faster review is possible if your physician certifies (by telephone or on a separate Request for External Review Form) that a delay in receiving the service would:

- seriously jeopardize your life or health; or
- jeopardize your ability to regain maximum function; or
- if the adverse benefit determination relates to experimental or investigational treatment, if the physician certifies that the recommended or requested health care service, supply or treatment would be significantly less effective if not promptly initiated.

You may also receive a faster review if the final adverse benefit determination relates to an admission; availability of care; continued stay; or health service for which you received emergency care, but have not been discharged from a facility.

Faster reviews are decided within 72 hours after Aetna receives the request.

Aetna will abide by the decision of the ERO, except where Aetna can show conflict of interest, bias or fraud.

You are responsible for the cost of compiling and sending the information that you wish to be reviewed by the ERO to Aetna. Aetna is responsible for the cost of sending this information to the ERO and for the cost of the external review.

For more information about the Appeals Procedure or External Review processes, call the Member Services telephone number shown on your ID card.
PRESCRIPTION DRUG CLAIM PROCEDURE

When obtaining a covered prescription, please present your ID card to a Preferred Pharmacy, along with your applicable copay. The pharmacy will bill Aetna for the cost of the drug, plus a dispensing fee, less the copay amount.

When you need to fill a prescription, and do not have your ID card with you, you may obtain your prescription from an Aetna Preferred Pharmacy, and be reimbursed by submitting a completed Aetna Prescription Drug claim form. You will be reimbursed for covered medications, less your copay.
